RAUVISIO BRILLIANT

Exclusive, seamless surfaces

As the latest generation of high-gloss laminate, RAUVISIO brilliant is indicative of current trends in furniture and home design. Thanks to its vibrant depth effect, RAUVISIO brilliant replace high-quality lacquered elements in a surface design and offers an excellent solution for vertical front panels.

The high-gloss acrylic surfaces are laminated onto super refined MDF using PUR glue in a clean room environment to ensure a mirror-like reflective quality.

Product advantages

Scratch resistance

High scratch resistance in daily use

Colour stability

RAUVISIO brilliant fronts are colour- and UV-stable

High chemical resistance

Resistant to chemicals and standard household cleaning products
